

Sixth Form Equipment Checklist

2026-2027

KINGS LANGLEY SCHOOL
SIXTH FORM
READY FOR YOUR FUTURE

INTRODUCTION

Sixth Form studies are challenging, so it is vitally important for all students to take responsibility for their learning and are 'sixth form ready' every day.

DAILY EQUIPMENT CHECKLIST

The list below represents the equipment that all students should have with them, every day in school:

Item	Comment
Functional bag	Students must have a bag that is functional in terms of size and capacity to ensure all necessary equipment can be brought into school every day
Pencil case	Students need to carry relevant writing/drawing equipment for their subjects. We would recommend that a clear plastic pencil case is used as this is a requirement for all examinations
Pens, pencils, highlighters	All students should carry a sufficient number of pens (black, blue and green), pencils, highlighters at all times. Other subject-specific resources will also be necessary in some subject areas (such as calculators, maths and art equipment)
Lever arch folders	Students will need lever arch folders for each subject. These must be brought into school every day and be available on request
Folder dividers	All folders will need dividers to create relevant sections between subjects and topics
Plastic wallets	A4 plastic wallets will provide further protection for work stored in folders
Personal reading book	Student's choice – fiction or non-fiction (not a textbook)

ADDITIONAL EQUIPMENT

Item	Comment
Laptop	We recommend that students have access to a laptop which they are encouraged to use in school although this is not compulsory. A Windows (Windows 10 or 11) laptop with a minimum of 4G RAM and 64G storage would meet their needs
Revision cards	Spiral bound or separate
Post-it notes/index flags	Useful for folder organisation
