Advising young people about their future can often be stressful especially for families. Careermag is a magazine that will help you to share and talk to your son/daughter about the various options that are available for all school leavers.

The magazine offers;

- Qualifications guides
- Apprenticeship information
- Tips for parents/carers
- Information about traineeships
- Industry profiles
- UCAS dates

There is also a careermag for students as well, please share the link with your child as the magazine contains information that they might also find helpful.

Success at School – Parent/Carer Magazine

www.successatschool.org

Success at School is a national careers website for students aged 13-19 whose aim is to help young people make informed decisions about their future.

Schools/colleges can use the content-rich careers platform to help students explore their options and choose their next steps, and employers use them to connect with the talent of the future.

Success at School are committed to upholding their code of ethics when delivering careers advice and guidance. This ensures they deliver impartial, objective and independent advice, and that decisions centre around what's best for young people.
