

Vivo D'Arte, in partnership with Kings Langley School, are delighted to offer students an intensive four-day musical-theatre/performing arts workshop to give a taste of drama school/conservatoire life. Housed in our bespoke training studios in Aylesbury, each student will be given tailored training, coached by industry professionals, to push them onto the next stage of their journey.

The course will hone students' skills in the three disciplines of acting, singing and dancing across a carefully designed timetable. Included in this will be ample one-to-one coaching, giving students professional advice and feedback that encourages them to enhance their skill set in the right areas, to help maximise potential.

Vivo D'arte takes enormous pride in giving young adults the platform to succeed in whichever pathway they wish to follow and help to provide opportunities to take their careers to the next level.
